

DISCLOSURE STATEMENT FCC OPEN INTERNET & TRANSPARENCY ORDER

In compliance with the FCC’s Open Internet Order adopted December 10, 2010, Fort Collins Connexion makes the following required disclosures about its internet services.

Network Management Practices – Connexion does not discriminate against lawful Internet content, applications, services or non-harmful devices. Connexion uses various tools and techniques to manage its network, deliver its service, and ensure compliance with the Acceptable Use Policy for Residential Services.

Fort Collins Connexion blocks port 25 (SMTP) to mail servers other than the Connexion system. This practice is employed to help eliminate SPAM issues related to virus activity. All other traffic is permitted.

Performance – Access Speed and Latency of Internet Service are as follows:

Product	Upstream	Downstream	Round Trip Delay	Service Profile Used
Residential 1 Gig	947.02M	933.69M	1ms	CoFC-RES-1000/INT_1G_DOWN/INT_1G_UP
Residential 10 Gig	9250.35	9250.94	0ms	CoFC-RES-10000/INT_10G_DOWN/INT_10G_UP
Small Business 250 Mbps	267.8M	270.13M	1ms	CoFC-SMB-250/BINT_250M_DOWN/BINT_250M_UP
Small Business 500 Mbps	535.49M	539.56M	1ms	CoFC-SMB-500/BINT_500M_DOWN/BINT_500M_UP
Small Business 1 Gig	942.82M	930.72M	1ms	CoFC-SMB-1000/BINT_1G_DOWN/BINT_1G_UP
Professional 250 Mbps	267.44M	269.23M	1ms	CoFC-BUS-250/BINT_250M_DOWN/BINT_250M_UP
